

CRARC
by JOPO 2024
for improvising groups

Connect – Respect – Aspect – Reflect – Concept

Connect: means the most important action about your behavior to act in the formation

Respect: means the highest appreciation from all your active partners in the formation

Aspect: means the thematic and motive sense of the present acting

Reflect: means being aware of the development
(dynamic, dense, rhythmic actions, soundscapes ...)

Concept: means to share ideas before and after playing CRARC
to create a diversified fluid project together

and to keep everything in mind while playing!
